EDUCATION

Manipal Institute of Technology, Manipal *Manipal, Karnataka • May 2027*
B.Tech** in **Information Technology (CGPA: 9.12/10.0)

Delhi Public School R.K. Puram *New Delhi • 2023*
Class 12 - CBSE (90.2%)
Class 10 - CBSE (93.5%)

TECHNICAL SKILLS

Programming Languages: Python, Java, Dart, C++, JavaScript, TypeScript
Systems & Infrastructure: Linux, Operating Systems, Networking Distributed Systems, Docker, CI/CD
Mobile & Cloud: Flutter, Android SDK, AWS, Azure, Node.js, Express.js, Flask, REST APIs
Software Engineering: Data Structures & Algorithms, OOP, DBMS, Unit Testing, Debugging, SDLC, Agile, Scrum
Databases & Tools: SQL, MongoDB, Firebase, Redis, Git, VS Code, Android Studio
Artificial Intelligence & Machine Learning: Pandas, NumPy, Scikit-learn, LLM Integration, RAG Pipelines, NLP

ACHIEVEMENTS & CERTIFICATIONS

- **Achievers Scholarship** - Ranked in Top 5% of Information Technology cohort at MIT Manipal
- **Academic Excellence** - Maintained consistent CGPA of 9.12/10 across all semesters
- **Open Source Contributor** - Open Mainframe Project (Zowe) and Zephyr
- **AWS Generative AI Applications** - Professional Certificate (Coursera)
- **Google Cloud Digital Leader** - Professional Certificate (Coursera)
- **CCNA (Cisco Certified Network Associate)** - Modules 1–3 Completion Certificates (Cisco NetAcad)

EXPERIENCE

Software Development Intern *June – July, 2025*
Indian Railway Catering and Tourism Corporation (IRCTC)

- Analyzed enterprise booking system (2M+ daily transactions), mapping data flow and identifying observability gaps and performance bottlenecks
- Optimized relational database queries by 25% via execution plan analysis and index tuning; documented insights for monitoring
- Evaluated microservices and distributed tracing for scalability; automated load tests using Python to simulate concurrent users

Software Intern *June – July, 2026*
AeroSportsParks

- Built an automated ER diagram generator that fetched live schema metadata from AWS EC2 and visualized database relationships
- Developed a data migration script to transition production data from a legacy system to a new architecture, preserving data integrity across the cutover
- Designed a Redis-based caching layer for recurring-user sessions, reducing redundant DB reads; participated in code reviews and documented implementation decisions

PROJECTS

Typeform | Full-Stack Interactive Form Builder | GitHub **•** View Live
Next.js, TypeScript, FastAPI, SQLAlchemy, SQLite, Azure, Tailwind CSS, Framer Motion

- Built a full-stack form builder with a drag-and-drop interface (@dnd-kit) and an animated one-question-at-a-time respondent flow
- Integrated AI-powered form generation, automatically creating full question sets from a natural language prompt
- Implemented conditional logic-jump branching and deployed a FastAPI + SQLAlchemy backend on an Azure VM for persistent SQLite storage

SafePay | ML-Based Transaction Fraud Detection System | GitHub **•** View Live
Python, Flask, MongoDB, Scikit-learn, REST API, Cryptography

- Built an ML fraud detection model with feature engineering achieving 85%+ accuracy; exposed predictions via a Flask REST API for real-time transaction validation
- Integrated model inference pipeline with MongoDB backend, enabling low-latency decision scoring on incoming transaction payloads
- Applied end-to-end security using AES-256 encryption, digital signatures, and secure password hashing

AI Travel Planner | Cross-Platform Mobile Application | GitHub **•** View Live
Flutter, Dart, Firebase, Gemini API, Android, OpenStreetMap, Vercel

- Built a cross-platform mobile travel planning application with role-based dashboards for Travellers, Agents, and Admins using Flutter and Firebase
- Implemented a RAG pipeline using Gemini AI and Firestore, enabling context-aware trip assistance based on user roles and packages
- Integrated OpenStreetMap and location services for itinerary booking, interactive maps, and real-time state sync across devices

LEADERSHIP & ACTIVITIES

Organizing Committee Member — Sports (Chess) *March 2025*
Revels'25, MIT Manipal

- Led logistics coordination for chess tournaments with 200+ participants, managing registration and bracket systems
- Collaborated with a 12-member cross-functional team ensuring 100% on-time event execution during cultural fest
